

DUNNE AND LOWDEN WIN BY BIG VOTE

STAGE READY
FOR ILLINOIS
FALL BATTLE

Outcome of Yesterday's Primary Election Presages Great Campaign.

RESULTS NOT ALL IN

Incomplete Returns Sustain Large Leads Claimed for Dunne and Lowden.

Chicago, Sept. 14.—One of the hardest fought political campaigns in history of Illinois was waged between Governor Edward F. Dunne, democrat, and former Congressman Frank O. Lowden, republican, nominated for governor yesterday by the democrats and republicans, respectively. It was predicted today, both rolled up pluralities of approximately 80,000 over their nearest competitors in the nomination race, according to returns available early today. Both are veteran campaigners.

Complete returns from Cook county and about half of the downstate precincts on yesterday's primary election confirm the results previously given out which were based on estimates from early reports.

Frank O. Lowden, republican, and Governor Edward F. Dunne, democrat, swept the state in the gubernatorial contests.

Estimates based on incomplete returns indicate that Dunne's plurality over Brinton will be about 75,000 while Lowden's plurality over Hull, it is believed will be about 85,000.

The plurality of Oglesby, republican candidate for lieutenant governor, will be about 150,000.

Emmerson's plurality in the race for the republican nomination for secretary of state is estimated at about 60,000 while Russell, republican candidate for state auditor, apparently has won by a plurality of 45,000 over Tice.

Small's plurality over Keys for the republican nomination for state treasurer is estimated at 60,000.

The race between Brundage and Barr for the republican nomination for attorney general is exceedingly close and it may take the official count to determine the result.

Brundage carried Cook county by 45,000 while Barr apparently has carried the downstate by about 45,000.

See "Come Back" of Mason.

Brundage claims he is nominated by at least 6,000, although Barr believes he has won.

In the race for republican congressional delegate, Medill McCormick has won by about 40,000. While the fight between William E. Mason and R. M. Chipfield for the other nomination appears close, an analysis of the downstate figures indicates that Mason probably has won by about 5,000 plurality.

On the democratic side the fight between Huttman and O'Hara for the nomination for lieutenant governor is close and the result in doubt. Huttman carried Cook county by 5,525 and is running a little behind O'Hara in the downstate precincts. In nearly 800 downstate precincts there was only a difference of 41 votes between the two candidates.

Charles plurality for the democratic nomination for state treasurer is estimated at 20,000, while Secretary of State Lewis G. Stevenson has been renominated by about 45,000. Brady, democratic candidate for state auditor, will have a plurality of about 50,000, it is estimated.

Incomplete returns on the democratic nomination for congressman-at-large indicate that Williams has won by about 30,000, while the fight for the other place is between Kostner and Jennings, with the result in doubt.

Kostner carried Cook county over Jennings by a plurality of 24,617 but Jennings is running away ahead downstate.

Lowden won in Cook county by about 30,000 and downstate by twice that plurality. Morton D. Hull and Frank L. Smith, his opponents, ran close together.

Defeat of William Lorimer for congress from the Sixth Illinois district seemed assured early today, although returns were incomplete. Arthur W. Fulton had a plurality of 1,000 over the ousted United States senator, who made a determined fight to win the support of his old congressional district.

Medill McCormick, former progressive and former Senator William E. Mason, apparently were nominated by the republicans for congressmen-at-large. Congressman-at-large R. M. Chipfield, however, was running Mason a close race. The democratic nominees for congressmen-at-large are William Elza Williams of Pittsfield, incumbent, and Everett Jennings of Chicago.

Lieutenant Governor Barratt O'Hara, leader of the Illinois vice commission which gained nation wide publicity, apparently has been defeated for nomination for that office by the democrats by Henry W. Huttman of Chicago. The republicans nominated John G. Oglesby, who served as lieutenant governor for several terms.

A close race developed between Edward J. Brundage of Chicago and Richard J. Barr of Joliet, for the republican nomination for attorney general.

The result in the fight for the other place is between Kostner and Jennings, with the result in doubt.

Charles plurality for the democratic nomination for state treasurer is estimated at 20,000, while Secretary of State Lewis G. Stevenson has been renominated by about 45,000. Brady, democratic candidate for state auditor, will have a plurality of about 50,000, it is estimated.

Incomplete returns on the democratic nomination for congressman-at-large indicate that Williams has won by about 30,000, while the fight for the other place is between Kostner and Jennings, with the result in doubt.

STRIKE PLEA

Mayor Mitchel Must Bring About Settlement by That Time.

PARADE FOR TONIGHT

Expect 70,000 Trade Unionists to Show Sympathy for Traction Employees.

New York, Sept. 14.—A sympathetic strike of 70,000 trade unionists allied with the striking street railway employees will be called Saturday night, unless Mayor Mitchel and the public service commission succeed in bringing about an amicable settlement prior to that time, was the prediction made this afternoon by James P. Holland, president of the state Federation of Labor.

New York, Sept. 14.—Leaders of striking street railway employees estimated that more than 10,000 men would take part in a parade and mass meeting today, while city officials and the heads of both sides of the controversy held conferences in a further effort to break the deadlock.

Samuel Gompers, president of the American Federation of Labor, and Meyer London, a prominent socialist, were on the program as speakers at the mass meeting. Mayor Mitchel admitted he had no plans which promised settlement of the strike. Officials of the transit company persisted in their refusal to submit to arbitration.

Elevated and subway lines and steam railroad transportation between Manhattan and Westchester county continues greatly congested.

The New York Railways company, operating many surface car lines, has dismissed employment agencies which have been engaging strike breakers and more than one thousand men employed to take the place of strikers have been discharged. Night service on surface lines continues to be suspended.

Far From Being Defeated.
Despite the maintenance of regular schedules on the subway and elevated lines of the Interborough Rapid Transit company and the gradual restoration of service on the surface lines, leaders of the striking street railway employees declared today they were far from being defeated. The hint that the danger of a "sympathetic" strike is not yet over.

Traction officials announced today that service in the subway and on the elevated roads was better than normal, while service on most of the street car lines was from 25 to 40 per cent below normal.

Five trolley cars came together in a series of rear end collisions on Westchester avenue in the Bronx today and 14 passengers were injured, one seriously. The car crews were strike breakers.

French Praise Lake Forest Boy.
Paris, Sept. 14. (1:30 p. m.)—Robert Bowman of Lake Forest, Ill., a driver of section No. 1 of the American field ambulance service, has been cited in the order of the day for "scrupulous devotion to duty, never hesitating in the presence of danger."

WILSON IS BUSY
AT SUMMER HOME

Condition of President's Sister Shows Increasing Weakness in Last 24 Hours.

Long Branch, N. J., Sept. 14.—President Wilson today disposed of a mass of official business which accumulated here during his trip to the bedside of his sister, Mrs. Anne E. Howe, who is sick at New London, Conn. He also discussed the political situation with Secretary McAdoo. Several hours were occupied in signing commissions and other executive papers.

President Wilson today for the first time gave detailed consideration to his campaign for reelection. In the executive offices at Asbury park he went over reports from political leaders in various states and began mapping out his plans for the next two months.

Postmaster General Burleson, one of Mr. Wilson's chief political advisers, is at Spring Lake, near here, visiting Secretary McAdoo, and this morning, the two cabinet members went over the political situation with Secretary Tumulty. It was indicated that greater attention would be paid to the campaign in Oregon, Washington, Utah and California because of reports received by administration officials leading them to believe democratic prospects in those normally republican states are excellent.

While the president will make no final plans for leaving here until further developments in the illness of his sister, Mrs. Anne E. Howe, several trips away from Shadow Lawn were discussed tentatively. Mr. Wilson will leave by automobile on Sept. 26 to Princeton, N. J., to vote in the democratic primaries.

New London, Conn., Sept. 14.—Mrs. Anne Howe, President Wilson's sister, who is gravely ill here, was reported today to have grown weaker. The bulletin issued by the attending physician said:

Woman and Son Found Dead at Bemidji, Minn.—May be Suicide.

Bemidji, Minn., Sept. 14.—Mrs. William Irving and her 5-year-old son were found dead in their home near Kelliher yesterday with bullet holes through their heads. He has been living with his daughter and grandson during the absence of his wife, Irving, husband, who has been working in the harvest fields.

Early this week Mrs. Irving drove into Kelliher and told a story of being threatened by her husband, who wrote her, she said, and declared he intended to marry another woman and was coming home to kill her and their son.

Deputy Sheriff O. M. Skinnick found the son lying in the dining room with a bullet hole through his head. In the bedroom he found Mrs. Irving dead. Near her was a rifle.

No trace of the father could be found. The woman's husband is believed to be in North Dakota.

CLUE TO ROBBERY
IN CANADIAN BANK

Chicago Saloon Keeper Arrested—\$271,000 Was Loot Secured by Robbers Five Years Ago.

Chicago, Sept. 14.—Martin H. Flannigan, a saloon keeper, was arrested here today in connection with the mysterious robbery five years ago of the branch of the Bank of Montreal at New Westminster, B. C. Loot amounting to \$271,000 was obtained by the robbers.

The arrest of Flannigan was made as a result of the capture in Toronto, Canada, yesterday of Michael B. Shortall, a marble worker of Chicago, who was attempting to pry open a safety deposit box in the vault of the Bank of Toronto.

The box, rented by Flannigan four years ago, was found to be stuffed with Canadian bank notes. Shortall told the Toronto police he had been employed by Flannigan to make the trip to Toronto and was being paid \$5 a day for his services.

Lester Flannigan was released from custody, Charles Larkin, chief of the detective bureau, saying he had no evidence on which to hold Flannigan.

ENVOYS GRAPPLE
WITH PROBLEMS

New London, Conn., Sept. 14.—American members of the international commission meeting here were occupied today with the Mexican conferees in investigating the cause and effect of Mexican mining decrees and in advising with Major General Bliss as to the military situation on the border.

There is little prospect that the joint commission will return to the formulation of a border protocol until the American members have reached a tentative agreement to pursue. They will then present their ideas to their Mexican assistants for general discussion.

It was indicated today that questions of real estate and other taxes in Mexico as they affect American property holders, will be looked into next by the joint commission. In the case of land taxes under Carranza decrees, a punitive damage is assessed against lands lying idle, which American interests have complained to the state department amounted to confiscation of their holdings. Carranza officials have asserted their purpose was to foster small operators and to compel the abandonment of large land holdings for speculative purposes only.
